Success Stories

SHAL Gals, Teresa and Anne, identified a need shown by several clients that have never had nor ever used a smart phone before, and held *phone 101 classes* for those clients. The clients are becoming more proficient by the day.

SHAL has been working on a project to provide bikes to our clients that are working, looking for work and/or are medically needy. To do this we have needed to find donors of bikes, transportation for the bikes and help with repairing. Once our clients heard about the struggles of keeping the program going, they came to us expressing an interest in helping. We now have people (our clients) that have bike repair skills and are helping with the repair of the donated bikes for transportation for other clients. A big Thank You to our clients that volunteer to help keep this program going!

Thanks to grant funding from the **Monroe County Continuum of Care (COC)**, 3 clients were successfully relocated to better situations, where they have housing, support and/or employment waiting for them.

SHAL assisted 31 clients in obtaining a New or replacing their cell phones so that they can continue their job searches.

SHAL assisted 14 clients in obtaining shoes/clothing and/or a bike that were necessary for their new jobs or job searches.

SHAL assisted 1 client with a weekly bus pass to help aid in a job search or for those whom need it for medical reasons.
